To all of the above VIPs,

No one wants to complain about anything, not even housing, and get kicked out of one's residence, temporary residence or homeless shelter. Here in the State of Hawaii, it is illegal to remain on public property and sleep overnight.. Yet there is no place where one can go and be legal as all property in the State of Hawaii is owned by someone. Beaches and parks are off limits as well as hiking and sleeping in the forest and mountainous areas in the State of Hawaii. I had no idea that a person could be arrested for sleeping in the woods around the island, yet this is true.

So, where do the homeless go?

I am a dignified international celebrity, who happens to be poor, homeless, unemployed, and disabled. Without any savings or income of any significant amount. In 1990-91, I was the political negotiator who successfully secured Saddam's agreement to the Bush White House demands for his withdrawal. It was the Bush administration rather than Saddam that was intransigent and uncooperative. What the world does not know and this world's news media is that Saddam agreed to the Bush White House terms for his withdrawal from Kuwait, but the Bush White House would not comply with insuring Saddam's safety. They then continually said that Saddam had refused to withdraw, which was not the case. I know because I was the negotiator between Saddam and the White House, the go-between!

I currently live in a homeless shelter for the poor. It is not that clean, in spite of the fact that shelter personnel clean it daily. When I first arrived, I got sick as I have many allergies from childhood on into adulthood. I am allergic to dust, pollen, feathers, and animal hairs among other things. Certain chemicals make me choke up and restricts my breathing too! From the ages of 8 to 13, I had childhood asthma and wheezing. My physician told me that, though this appears to be over at 13, it could come back in my old age. People have been known to die from asthma, if not properly cared for.

While asthma is common place some people, like myself, can die from asthma. I am 62 years old.

The king or emperor of every nation is usually that country's head of state by definition and title. This is true for every nation around the world.

Two days ago, after returning to IHS, after living for a month on my own, I developed a cough as many people living there, also, have. And this is quite common at IHS. This cough, today, turned into a cold and my nose is, now, sniffing. One month prior, for about three and a half months, I got sick, due to sleeping in a crowded room, where people breath a common air and anyone sick will pass his sickness to the other residents at IHS.

It was rumored that SARS had spread to Hawaii and that a number of people at his had come down with a mild case of SARS. And that the Health Department is not telling people, because our State is dependent on tourism.

As China's current succession emperor-in-exile, I asked the U.S. Government many times via President Obama and others for Secret Service protection and official recognition. In effect, my request was for decent housing and for some kind of income stream, a loan or grant, perhaps, so I wouldn't have to look like a beggar and would be in a situation, where I could not adequately provide for myself and my health.

Just how important am I as a loyal ally and friend to the U.S. Government and honored and esteemed visitor to the State of Hawaii?

Your federal programs and State of Hawaii health programs do not cover and pay for everything. So, people, even myself, will not receive adequate medical care. I have been, in the past, asking for these things too!

I would appreciate your getting in touch with me to learn of my needs and in an effort to help a visiting foreign head of state, China's official emperor, meet his needs, health and other necessary and needed things for my temporary stay in your country.

My family fled China in 1871 to come to this nation for our safety. China at that time was governed by foreigners of the Manchurian race of people and my family's life was always in jeopardy!

In 1990-91, I was the go-between between President George H.W. Bush and President Saddam Hussein. Saddam agreed to the terms of the American government via conversations and letters/communications going back and forth between myself and Iraq. Yet, when your country was notified by my letters, etc., you, your nation and government, did nothing! You essentially murder, I am trying not to say, two million innocent Iraqis at the cost to your military of about four thousand troop lives. I have been hopping on this one point and your nation has not been listening. Why? Are you not a just and humane nation wanting true justice and peace?

Now that I am slightly sick and asking for your government's help, will you help a foreign head of state in your midst? If you refuse to answer, I am sure that your guilt speaks myriads about the kind of nation that you truly are. Good people do good things in life and bad ones hide the truth for fear of punishment by higher powers.

I pray for your Christian love and kindnesses. I need a safe and clean place in which to live and sleep, food, and adequate medical care. Things which the State of Hawaii and U.S. Government is not providing. Basic needs to help me live a clean, safe, and healthy life. Please contact me immediately for details. My needs are in the very immediate and will not and can not wait a day or days for a solution.

Sincerely yours,

夏遠帝
