To the above distinguished men, men of honor, men of valor and great distinction,

Homosexuality is wrong. It is wrong by God's laws and standards. Homosexuality is and has always been incompatible with military service and the "Don't ask, don't tell!" policy of our US military is a very good one. It allows gay people to serve in our military and it does not discriminate unfairly. It protects the moral fabric and fiber of our nation (yes, I am a US citizen too!). It allows gay service people to have a measure of dignity as long as they conform to society's standards.

If you permit homosexual conduct in your military, the moral fabric and the moral fiber of our nation will decay and disintegrate. You will, also, not have God's love and favor.

I am officially by China's history and by China's Imperial court of the Ming Dynasty and other families during the 1600s, who held the authority of the mandate of Heaven to installation of Chou Dynasty Shun Cheong on October 30, 1644 (on the same day of installation as the Manchurian leader Fulin).

If you examine my family's genealogy records, you will find that I am paternal Hebrew. My family resided in the Middle East, during the time of Peleg, a Bible-named family patriarch, residing possibly, likely, in Calah (formerly Joktan's settlement, my paternal ancestor). All people who are descendants of Eber, who hold and carry the Hebrew culture and language, are called Hebrew. All who do not and who were conquered by other tribes lose their identity and standing with God.

If Christian theology is correct, God will come some day and he will judge mankind. According to theology, those who are obedient will be saved and those who reject him and his son will perish in the fires of Gehenna (a waste dump, where rubbish was burned in ancient times). Gehenna meant or represented everlasting destruction.

80 percent of America is Christian. And therefore by Christian theology, when God comes to judge the wicked the rest will face God in judgment. According to statistics as given in the Time Almanac 80 percent of China, the reverse of America, is atheist as they either don't know God or have already rejected him. From an informal reading of our nation's newspapers and from how many Americans are now treating me, personally, I would say that our nation is planning to war with China.

I am sure that American military planners are familiar with the Bible, whether they believe in the Bible or not. Why should our nation be destroyed (they might be quietly saying) and be judged as being evil by God, when it is the Chinese people who should die. One-fourth of the earth, according to the Bible, is to perish in God's coming tribulation.

I have two feet firmly planted on the ground as a true Christian and Methodist. I am not caught up in the hocus-pocus of unsound teachings and interpretations of the Bible. As a paternal Hebrew from the family who gave China most of its culture, ideology, and written language, I hope to return to China soon to return my family (all of China's people, if possible) to the true god and to have a national day of prayer in China.

PAST HISTORY

During the time of Peleg, Nimrod took his bands up and down the Tigris River to build a great nation and absorb other tribal peoples. According to the Bible, he was a hunter of men and an evil man as seen in God's eyes. An opposer to the true god. My family were among the people conquered and intermarried into Nimrod's Hamite bands. In our case, with people of Han-Chinese or Asiatic blood. We carried our ways into Asia as Nimrod migrated south. He took written language away from his people, so as to not be scared by the memory of God. And it was my family who gave the Asians their written language and our belief system. Things recorded by Confucius, during my family's time of the Chou (Jo) Dynasty.

LETTER AND REQUEST CONTINUED

So four thousand years later, here I am hoping to return God to an atheist land that had forgotten God. China. Should the Chinese not be availed God's blessing? Should Christians only save themselves and not care about the whole of China? It was Christ's command that the good news of the coming of God's kingdom be preached in all of the nations. And this is my calling and task at hand.

I am of Han-Chinese blood. My family from the time, when we were in China, intermarried and I am, now, of Chinese, Mongolian, Manchurian, and Japanese blood. Yet, in ancient times my lineage was primarily of Mede and Hebrew blood, until Nimrod came and conscripted our clan.

Should I return to China to preach about God? The answer is yes. Is man or any race inherently evil, that all should be destroyed by God or by man (US military)? 80 percent of our people are good as judged by God and by the Christian standard. 80 percent of China is evil as judged by God, as they either are ignorant or have rejected his rule. Did they hear or did they reject? Well, this is something that we do not decide as it is God who is the ultimate judge of everything. Jews have the right (given to them by God) to kill non-Jews in the taking of their God-given lands (Israel of old), so has America, by the teachings of her hidden church teachings and history, they assume. People can be assured that the US government will certainly act with impunity as they have with Saddam's Hebrew people (people who descend from Takrit). These people are, also, paternal Hebrews and related to the Chou Dynasty as genealogy-based cousins.

Hitler killed six million Jews, the Bush administration killed two million, unknowingly. And, therefore, it behooves U.S. military leaders and U.S. congressmen to learn of my family's presence in Asia and the Middle East as well as to meet with me. I am honest and open. A Christian seeking to uphold and promote good relations between China and the U.S.

Without dialog, nations can never get to know one another. Without dialog, nations can never be at peace as mistrust and suspicion will get the better of us and our judgment. Communication is very important and vital, don't you think? Meeting with world leaders, rather than assuming intelligence reports to be true when in error. How can world leaders ever know or learn without seeing for themselves and hearing from others first hand? Meeting with world leaders is not done for show purposes or for the false purpose of popularity and regaining one's nation's support. Meeting with world leaders, myself included, will benefit your nation and the greater world greatly and translate into a time of good understanding, peace, and prosperity.

Should Presidents of nations make every effort to meet and to have an accurate understanding of one another. Truly know who is upright, know who is a friend from one's enemies. Without direct communication, we will never know and we will war with nations considered friendly though we were blind and did not know. The fault was purely ours!

So, (1) should the US government allow the return of God to China? The god of Shem, god of Abraham, Issac, and Jacob? My mission is to do the teaching and preaching and to oversee and lead this mission as a pure worship mission and not one which contains the interpretations of man.

(2) Should the US government plan and do things to hinder and weaken China? Should the US government arm a rogue and illegal entity of a nation, in spite of the fact that this nation, Taiwan, is a successful and thriving democracy? Selling 6.4 billion dollars of arms is no small and joking matter. Advanced capability Patriot missiles, Black Hawk helicopters, F-16 fighter jets, mine-hunting ships, etc.

Should the U.S. employ illegal and crooked means to achieve good measures of freedom and democracy? Are these things necessary, when there are good and upright people wanting and trying, without your help and assistance (myself included), to achieve these ends? Is not a Chinese emperor a significant thing of very great measure? Would you, any of you, violate the Christian God's peace for the purpose of alleged freedoms and for commercial interest, when such is not necessary and when such (killing and murder by the millions) is violent and massively evil?

Does having a second opinion help? Does it change matters for the better and provide good solutions, when none can be found?

(3) Should America try to weaken China, as it did to Iraq, and isolate her economic base by strengthening Asian nations around her? I am speaking of unfair trade policies and treaties, especially the Transpac-Partnership which strengthens ASEAN nations done to weaken China.

And if that is not enough (4) We are putting fees on steel from China. Another measure which is designed to weaken China and to bring her to her knees.

By allowing for freedoms in China, you are allowing God's measures to be known to the Chinese people. In time of peace, people have the opportunity to get to know God. 80 percent of America will be saved. 80 percent of China will be destroyed. Is it not the Christian thing to preach and teach about the coming of Christ and God's kingdom and to allow a whole nation to come to know God. Chinese, due to Nimrod's expansion, absorbed many Caucasian nations (ethnic groupings of people) including the Hebrew nation. Would you gentlemen not consider helping and saving your own?

(5) What is the value in having good and honorable relations between nations? A Caucasian United States of America with many people of many races and an Asian nation (specifically China) led by people of ancient Hebrew (part-Hebrew) ancestry. Do you, any of you or all of you, care about humanity and human life? Life is sacred to God. Do you hold these beliefs too?

Should you (all of you, any of you, and/or a joint session of Congress) meet me, the symbolic leader of a nation which comprises twenty percent of the world's population? In a symbolic gesture of world peace and to get to know one another and to learn about each other. Is not knowledge the key to a better and more prosperous world or is ignorance and darkness, killing, murder, lies, and coercion better for you and for your nation? Saddam did not have weapons of mass destruction, would a person like Hillary Clinton still want to go along with the masses that say that he did?

Powerful people, because of their position, can bring down evils upon the many for many in evil ways. Leaders of nations should therefore always be wise and upright people and your nation should choose its leaders accordingly and with the wisdom that God gives and grants you to receive.

(5) To hammer a point home, please allow me, is it right for Russia to sell arms to Cuba and then claim that an act passed in x year permitted Russia to arm Cuba in Cuba's defense? Should your nation have allowed Cuba to have atomic and nuclear weapons? The same can be said for Taiwan, a rogue nation without proper standing, which claims and has in her heart the domination and leadership of the Chinese mainland. You, so called learned people, just somehow do not think and violence is always in your heart somehow. This should change and your nation, as Obama tried to say, should learn to be a better nation and people. And as I say, God-fearing and loving the true and Christian god. I am Christian, so why not you?

Also, see exhibits, six newspaper articles, submitted with this letter.

All of this badness should stop and your nation should have more respect for the true god and allow his people (Hebrews and Jews) to come to him in these last days and critical times of the end. Saddam's tribal clan and mine are paternal descendants of Joktan and therefore paternal Hebrews.

I am a solid and true Christian. I do not play games or compromise (in a general sense and especially with respect to God's worship and ways, when negotiating with nations). I am honorable in my dealings and very fair with all I come into contact with by the true god's standards.

I play fair by God's laws. And if another nation wants to do something that is not right or to cheat God and the Hebrew or even Jewish nation, I will most certainly stand with God firmly!

I have no intention to speak harshly as that is not the way to true friendship, yet I must stand by the Christian god's standards and laws and warn you and your nation of your transgressions. Would you choose to test God? Jehovah, by name. And so I am politely asking if you could cease from all of the above mentioned activities and try to work for peace with me and with the leadership of China.

I want to see to an upright and God-fearing US nation as I hope to bring about an upright and God-fearing China. To Christianize her in these end-times, done without bloodshed or violence and with the approval and consent of China's government and people. I am not opposed to seeing a new and democratic China. And it is better to speak with your enemies, because you will be surprised to learn that these people really are your friends. We Jews and Hebrews alike!

In 1982 Anwar Sadat traveled to Israel, a trip that has resulted in a peace agreement that has lasted ever since. In the spirit of that type of bold leadership would you be willing to meet, separately, without precondition, in Washington DC or anywhere else, with the senior leadership of China as well as with its current succession emperor, head of state in exile, in order to bridge the gap that divides these our nations?

If you don't meet with people you will never learn if they are evil or good, their true intentions and aspirations. You will not know who these people are or even what they are and you will have inaccurate information (inaccurate intelligence) upon which you base your wars. The thoughtless taking of many human lives and an expensive war which will bankrupt your nation and the world too. What kind of solution would you wisely want to choose?

HOMOSEXUALITY

Homosexuality, according to the Bible, is an abomination to God and should never be practiced and I hope that your military will re-think its stand on this issue. I favor the Bush administration and the religious right with respect to the issue of homosexuality in America. Has our nation forgotten God? It seems as if the Republican Party has let our nation down.

We do not need change. The system works! What is needed is for America to get back to basics. To its Christian roots and basic teaching and to not be a lawless nation in a world of many nations. Where are the Republicans and religious right when you need them?

Look at your coins and read them, before you make your final decision on the encouragement and promotion of homosexual behaviors in the US military.

A friend in closing.

Respectfully,
