Dear President Obama,

I need your help, your office's help, the Executive Office of the President's help. I am an upright man, a good man, and the man who brought an end to the Iraq War by securing Saddam Hussein's agreement to his withdrawal from Kuwait. AND AGAIN, may I say, it was our government, your government, that reneged and never told the press that Saddam had agreed to the Bush White House demands for his withdrawal from Kuwait! We, our nation, our government, are a nation and government of murderers. Isn't this so! When will we ever reform?

My mission in life, as I deem it to be, is to take God back into China (see my website). My family, the Jo clan, is a Hebrew clan. We were the ones who gave China, a pagan and Hamite land, God and brought the worship of the true god to China. As you can see by history, the nation of China holds a belief (in part) in worshiping the Heavens. This was our family's doing as China is a Hamite land, land of Nimrod, a pagan land like all others, where Nimrod had removed any notion of God, so as to not scar the people's minds (refer to the Holy Bible for details).

I am poor, unemployed, disabled, and homeless. I have temporary shelter until October 31, 2011. Come November 1, 2011, I will have none. Would not your Christian nation care for someone like me? The person who brought an end to the Iraq War and the news media never told our people, nation, and the world!

This letter as with others was partially deleted and I was not able to recreate the original. Like all of my other many letters someone keeps interfering and deleting my letters as I write and prepare it on my computer and on University of Hawaii and State library computers. This occurred during my efforts to end the Iraq War and an investigation as to who was responsible should be conducted. Those responsible should be facing very heavy penalties as these people did contribute, perhaps unknowingly, to the deaths of thousands of people as foreign negotiations were not able to go through to the proper sources. Are you not an upright man wanting truth to come forth, and goodness and righteousness to come forth too?

Saddam agreed to U.S. demands for his withdrawal as I have been trying to say to our government via my letters, on an official basis, using my family title as Emperor-in-exile.

My help to your country in negotiations with nations like Syria, Libya, Iran, Iraq, North Korea, and China is invaluable, so you should not dismiss me. Would you prefer killing your enemy or making a true friend of them?

In the original letter, I was asking for your/your nation's help as I am poor, unemployed, homeless, and disabled, essentially, and immediately and urgently could use your nation's help. Asking China, at this time, is next to impossible and based on the things that I am trying to do internationally, it is your nation that is directly involved and would benefit in the long run by my help in international negotiations.

How could you knowingly refuse? Would you like to be put on trial as a war criminal for violations brought about by your nation continually throughout the Bush-Clinton-Bush-Obama era? Do you not want to see truth and craft an upright foreign policy, rather than a policy based on lies?

In Iraq Saddam agreed to the terms of the withdrawal and it was your government that closed its eyes and lied internationally about Saddam's refusal. Would you not want to do the right thing or would you rather face charges on an international level?

In the earlier letter, I was complaining to you about someone interfering with communications and my letters. This kind of electronic interference continues on 'til this day and this letter that I am sending to you was deleted after the first page. So, I am rewriting my letter, which is not the same as the original.

I am asking (1) that the US correct its foreign affairs activities history to reflect the real truth of negotiation efforts with respect to an errant and illegal Iraq War. I am asking (2) that the Obama administration look into the matter and prosecute everyone who had a hand in the illegal cover-up leading to an already illegal and criminal war. I am asking (2) that the U.S. reverse its course to reflect a more humane and just policy with respect to our nation's war against Iraq and doing the same for all other wars that our nation is involved in. I am asking (3) that we compensate nations that we have unjustly wronged, so as to rebuild our nation's stand in the world, etc.

And with respect to me, by my family's heritage, I have the authority to rule over all of China, a communist nation. I am a Christian, a man of the true god, whose name is Jehovah, not Jesus. Jesus is the son of the true and living God. And it is my duty and task to oversee China and to bring the truth of this world to light for my people and nation.

For myself, I am asking that your nation provide for my welfare and well-being (in the interim, while I am in your nation unemployed and poor) as I am an international celebrity, who can democratize the whole of China and bring about a better salvation for China and for the rest of the world consequently. My being an upright Christian and man of the true god.

It is only when the U.S. reverses its course in this world, will you ever experience true peace. That which you deem as terrorism is not terrorism, but people fighting for their rights. Americans did this against the British in the very early founding of our nation. Is it any different if Arabs, also, do this too?

I am a Christian and an American. My oversight of China will be based on God's standards. God's standards of justice and compassion. In part it is my vision to do as a Christian and American. Wouldn't your people like a world based on

goodness and God, rather than to have enemies in every corner of the world seeking to kill them? Long long ago, God ruled China via my Hebrew family. The Jo clan is respected as an upright dynasty, due to her worship of God and I would hope that I might receive the support of your nation and its government for my well-being and welfare, while I am in your nation.

I need Secret Service protection and the basic essentials of life. I need accommodations that would suit my station and station's needs. People judge people and many do not know or see my needs as they are not in my shoes. I need other things at the level in life at which I reside.

I would appreciate your nation's consideration as I would do the same for any head of state of any major nation in order to gain that person's trust, understanding, love, and cooperation.

I exist to insure that China will have good government, that a just end to all wars in the Middle East is had, and to see to China's prosperity and well-being. Additionally, I would like to see a bit of fairness in foreign affairs, rather than to see the big guy take all of the cookies and leave none for the little guy.

As China's emperor-in-exile and thereby head of state, I write this letter to you hoping that you will carefully read this letter and will allow your heart and your goodness to stand.

I am poor without the necessities of my office and without the necessities of life. In the interim, would your nation provide for me? I need housing, an income, and security. I, also, need a safe place to live. I try to create friendships wherever I go and to make true friends rather than enemies with people whom I come into contact with. I have burdens and I never want to be a burden on other people. Your nation's help is needed and would be welcomed.

I seek prosecution for those who continually keep playing tricks and trying to cover-up what is obvious, obviously in error. I hope to hear from you immediately. Best me!

Sincerely yours,

H.I.M. Yao Sui
